

Faculty Position Announcement

Associate Academic Specialist - Engineering Technology
College of Professional Studies
Northeastern University, Boston, MA

Responsibilities

The College of Professional Studies (CPS) seeks non-tenure-track faculty who will teach a full-time load and coordinate curriculum and instruction (equivalent to 36 quarter hours) in the undergraduate Engineering Technology area. Programmatic responsibilities would include the following areas: Computer, Electrical, and Mechanical Engineering Technology. Teaching responsibilities include both on-line and on-ground course work. Actual course load will vary with other responsibilities associated with academic quality initiatives and faculty instructional strategies.

Responsibilities include: ensuring a quality high-level learning experience for students; evaluate course content and materials and ensure appropriate fit with program objectives; continuously review curriculum and specific course content to ensure currency; advise and mentor faculty; provide content to support student learning and faculty instructional strategies.

Qualifications

This position requires a commitment to teaching excellence and a high-level of faculty service. A terminal degree appropriate to teaching Engineering Technology and demonstrated teaching excellence is required. Practical experience in computer, electrical, or mechanical engineering technology is a must. Experience teaching in online delivery and experience with ABET accreditation are desired.

Additional Information

This is a non-tenure track renewable position.

Equal Employment Opportunity

Northeastern University is an Equal Opportunity, Affirmative Action Educational Institution and Employer, Title IX University.

Northeastern University particularly welcomes applications from minorities, women and persons with disabilities. Northeastern University is an E-Verify Employer.

How To Apply:

To apply, please visit the Northeastern Human Resources website, <http://www.northeastern.edu/hrm>, click on Careers and then click on Job Openings within the drop down menu. Note: the posting title is "Assoc Acad Spec-Engine. Tech" and the position is in the College of Professional Studies. Please be prepared to submit a cover letter, C.V., one page statement of teaching philosophy, and references.

Please contact Carole Beauchemin (c.beauchemin@neu.edu) with inquiries about the full time engineering technology faculty position.

Note: Part-time engineering technology faculty positions will be available through the site as well.
